

BAYVIEW GLEN

Distinguished Alumnus Award 2009

The 2009 Bayview Glen Distinguished Alumnus Award is presented to:

MAZYAR MORTAZAVI '95

Inaugural Award Recipient

The 2009 Bayview Glen Distinguished Alumnus Award is presented to Mazyar Mortazavi '95, Principal and Managing Partner of TAS DesignBuild, a Toronto-based, family owned and managed boutique property builder, designer and developer.

Through this award, the Bayview Glen Alumni Association acknowledges Mazyar's passion for community-based initiatives, his unique approach towards urban design and his commitment to supporting charitable housing and educational endeavours.

Mazyar's dedication to innovative design and environmental sustainability has led to wide recognition in the local and national press, and to his firm being designated a Green Builder of the Year in 2009 by the Building Industry and Land Development Association in the Greater Toronto Area.

Mazyar holds an undergraduate degree in environmental studies and a graduate degree in architecture from the University of Waterloo, but mostly importantly, he received his secondary school diploma from Bayview Glen, where he was Head Prefect in his senior year and helped to pioneer volunteerism as part of the school experience.
