RE: Correction Notice

Dear Parents,

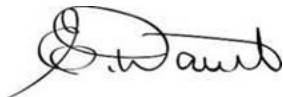

This is a correction notice of the News Release from the Government of Ontario sent earlier with respect to online learning from JK to Grade 8. Their online programme is extended until January 25th and will now align with the Upper School return date.

This extension is due to the fact that numbers of Covid-19 cases in Toronto continue to rise and that the infection rate in children is now 1 in 5.

We will continue to offer an exceptional online learning program and look forward to seeing all of our students in person on January 25th.

Our Preschool programme will continue to operate as it is currently.

Sincerely,

Eileen Daunt
Head of School
