

July 14, 2020

Dear Parents,

I hope your summer is going well.

Planning for the 2020-2021 school year is well underway and the specifics of the plan for each school will be communicated after August 4.

August 4 is the date when the Ministry of Education will hand down any updates to what has already been communicated. Waiting until then will permit us to send the most updated information.

As an overview however, the plan currently is as follows:

- Preschool and Lower School will attend school daily on campus with timetables and classrooms adjusted to ensure a safe learning environment.
- Prep School and Upper School will have a Hybrid Model with half the school on campus and the other half at home to reduce student load and provide social distancing. Their courses will be live streamed with the aid on Swyvl technology, to permit all students an authentic classroom experience.

Please watch for a detailed account of all our Policies and Procedures in early August.

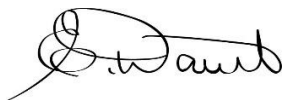

If you have any questions, do not hesitate to contact the Assistant Head of your Division.
