

June 12, 2020

Dear Parents,

As we prepare to celebrate the Graduates of 2020 and also prepare to close out the term, I think we can honestly say that it has been an amazing term overall.

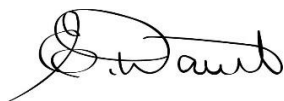

Our online learning programme ensured that curriculum at all levels was completed and learning skills mastered. This would not have been possible without an incredible family-school partnership, and I would like to take this opportunity to thank you for all your efforts in supporting your children's learning. It is also one of the reasons that Bayview Glen is considered a Microsoft Showcase school for e-learning success.

Next the question on everyone's mind, what is happening in September? It is our intention to return to on-campus instruction if permitted by government and health authorities. However, we also recognize the unpredictability of this pandemic, and as a result, our "Back-to-School" Committee is currently working on schedules, policies and procedures to address many different scenarios including in-person, remote, or a hybrid approach to learning. This will allow us the flexibility to pivot to different modes of instruction, if required, throughout the school year. All aspects of school life are being reviewed and we can expect changes which may include, but are not limited to, density of the student population, arrival/dismissal procedures, daily screening protocols, cleaning and sanitization schedules, bussing, limitations of non-essential visitors to the school, etc.

We are currently awaiting the directives from the Ministries of Health and Education which will inform and confirm our direction with respect to our instructional programme in September. As soon as we have this, we will share the details of our complete plan with you. We remain confident that we will, together, chart the course for the upcoming school year that will maintain the quality of a Bayview Glen education while keeping the entire school community safe and healthy.

Until then, keep well, and I look forward to communicating with you again soon.

Sincerely,

Eileen Daunt
Head of School
