

March 1, 2021

Dear Parents,

Just a quick note to tie up some outstanding items before the long weekend.

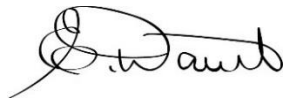

On Friday, we got our new Construction Schedule. It confirms that the renovations to the existing school will be completed in time for the start of 2021-2022 school year. What this means in actual terms is that all departments will return to their original home within the school. At the same time, work will begin on the new build – the Athletic Complex. Once that begins, then you will be able to visually follow the progress of the construction.

Secondly, thank you to all our families for diligently completing the online screening daily and for supporting the school's efforts to keep everyone safe.

Finally, our re-enrolment season is now complete and I am very happy to report that it was a smooth season with almost all families completing their re-enrolment early. This has allowed us to offer places to some of the many students on wait lists.

As we approach our Mini March Break, I hope the weather cooperates and that everyone enjoys a well deserved break.

Sincerely,

Eileen Daunt
Head of School
